### Christian Church

#### Lays Corner Stone

On last Sunday afternoon, in the presence of a good audience, despite the disagreeable weather the corner stone for the new Christian Church was laid.

Very impressive services were held by the Pastor, Rev. C. W. Lambert, through whose strong determination and untiring efforts and with the strong support of the members has made it possible to erect this edifice which will be a credit to our city. The corner stone was the work and gift of Henry Barria. The building is to be rushed to completion and it is expected to be ready for use by January 1st. It is the plans of the Church to open their new building by a series of Revival meetings, a noted Evangelist having been already engaged for this purpose.

The Savanna Copper Company owns a total of 200 mining claims covering an area of approximately 4,000 acres. In the Burro mountain group there are 150 claims, with an area of 2,577 acres, including about 1,000 acres of iron ore lands, while the Pinos Altos group has 29 claims.
